Dear Staff, Resident's & Family,

*Mount Carmel Nursing and Rehabilitation* is concerned for the ongoing welfare, safety, and health of our residents. The Pennsylvania Department of Health, the Centers for Disease Control and Prevention (CDC), and local health departments continue to the current status of the virus, COVID-19. The people most likely to become severely ill from COVID-19 are older adults and those with underlying medical conditions.

This letter is to alert you that the facility has had (0) additional Covid 19 case documented on *05-10-2021*. This takes our staff total to *Seventy-five staff members – (0 active)* that have developed COVID-19. Additionally, the facility accumulated *ninety-nine* confirmed positive resident Covid-19 cases. At this time there are *(0) active cases*. The facility continues to take the upmost caution related to scenarios such as these and the re-opening plan will remain in place. Currently, the facility remains in the Green phase. We continue to test all staff members as per the guidelines related to the County positivity rate. We continue to actively monitor our residents for signs and symptoms of COVID-19 and are working with our local and state health departments.

All of our staff members continue to follow public health recommendations to reduce the risk of spreading COVID-19. These include strict handwashing procedures, and in many circumstances, wearing facemasks, gowns, and gloves when interacting with residents who are sick.

Scheduled visitation continues, please call the facility to arrange visits with your loved ones at 570-339-2501. Point contact is Angela Brosh. We understand that connecting with family members is important. Other ways to connect include telephone, email, text, or through Skype or Facebook.
